

# U. S. DECLARES POLISH INDEPENDENCE MUST BE FULLY MAINTAINED

## This Country Will Not Agree To Russian Dismemberment--Bolshevik Government Scored--Diplomatic Secrets Revealed In Letter To Italian Ambassador.

WASHINGTON, Aug. 10.—(By The Associated Press.)—The American government today declared for the maintenance of the political independence and territorial integrity of Poland and against any dismemberment of Russia.

In a note addressed to the Italian ambassador Secretary Colby speaking with the approval and consent of President Wilson said the United States took no exception to efforts to arrange an armistice between Poland and Russia and would "regard with satisfaction a declaration by the allied and associated powers that the territorial integrity and thru boundaries of Russia would be respected."

The government, stated, however, that it would not participate in any plan for the expansion of the armistice negotiations into a general European conference because it would in all probability involve two results from which the United States "strongly recoils":

"The recognition of the Bolshevik regime."

"A settlement of Russian problems almost inevitably upon the basis of a dismemberment of Russia."

**Diplomatic Secrets Revealed**

The note was in response to an "agreeable intimation" from the Italian ambassador that his government would welcome a statement of the American government on the Polish situation. Much of it was devoted to a statement of the sympathetic feeling of the United States toward the Russian people. As evidence of this sympathy, the secretary of state disclosed some diplomatic secrets.

Mr. Colby revealed that the American government withheld its approval from the decision from the supreme council at Paris recognizing the independence of the "so-called republics" of Georgia and Azerbaijan because they partly were carved out of the old Russian empire.

It was stated the United States had taken the position that the final determination of the boundaries of Armenia, which the president has been asked by the allies to fix "must not be made without Russia's cooperation and agreement."

In the Baltic States

It was further disclosed that the United States had persistently refused to recognize the Baltic states with the exception of Finland, a once independent nation because it held that they were rightly a part of Russia and that the territory embraced in them should be held for the Russian people until they should have organized a stable government.

In part, the statement addressed to Baron Camillo Romano Avanzan, Italian ambassador to the United States reads:

August 10, 1920.

"Excellency: The agreeable intimation, which you have conveyed to the state department that the Italian government would welcome a statement of the views of this government on the situation presented by the Russian advance into Poland, deserves a prompt response, and I will attempt without delay a definition of this government's position, not only as to the situation arising from Russian military pressure upon Poland but also as to certain cognate and inseparable phases of the Russian question viewed more broadly.

"This government believes in a united, free and autonomous Polish state and the people of the United States are earnestly solicitous for the maintenance of Poland's political independence and territorial integrity. From this attitude this government will be directed to the employment of all available means to render it effectual."

"From the beginning of the Russian revolution in March, 1917, to the present time the government and the people of the United States have followed its development with friendly solicitude and with profound sympathy for the efforts of the Russian people to reconstruct their national life upon the broad basis of popular self-government. The government of the United States, reflecting the spirit of its people has at all times desired to help the Russian people. In that spirit all its relations with Russia and with her nations in matters affecting the latter's interests have been received and governed."

**Faith in Russian People**

"The United States maintains impaired its faith in the Russian people in their high character

## POLISH FORCE WILL SOON FALL BACK TO VISTULA REGION

**Crisis is Near in Warsaw Campaign is British View**

**LABOR PARTY STRONG FOR DISARMAMENT**

PARIS, Aug. 10.—(By The Associated Press.)—Slowly but surely the Bolsheviks are closing in on Warsaw, according to the latest news. Reinforcements have been brought to the northern soviet army and in the Mlava region their advance is growing serious. While the latter movement does not immediately threaten communications between Warsaw and Danzig thru the Vistula valley, the Poles will be obliged to form a new army north of Warsaw to cope with it.

French military opinion is convinced the Poles will be obliged to abandon the Bug river and fall back on the Vistula. Under these circumstances the battle for Warsaw would be fought in Warsaw itself.

**Crisis is Near**

The Polish crisis is approaching its climax. As viewed in London, Warsaw seems likely to fall before the negotiations at Minsk between Bolsheviks and Polish officials are concluded.

Premier Lloyd George's speech to the house of commons today showed he is still working for a peaceful settlement.

Leo Kamenetz, of the soviet emissaries in London, has submitted to the premier the Russian armistice terms and also to the British press with the evident object, it is said of strengthening the hands of the British labor party.

**Demand Polish Demobilization**

The terms demand demobilization of the Polish army and war industries and complete disarmament, except for fifty thousand men. Russia undertakes to withdraw her troops from the Polish frontier and grant Poland a frontier stipulated by the British government with additional territorial concessions to Poland in the Bialystok and Cholm regions.

Mr. Lloyd George declared no action would be taken except to support the struggle for Polish existence and independence. He admitted the Polish attack on Russia was unjustified and that the soviet government was entitled to demand guarantees against a repetition of such an attack.

**TO WITHDRAW TROOPS FROM WEST FRANKFORT**

WEST FRANKFORT, Ill., Aug. 10.—Withdrawal of Illinois militiamen who have been on duty here since the anti-Italian outbreak last week will be started tomorrow, Brigadier General Frank P. Wells, commanding, announced tonight.

General Wells' announcement followed a conference with Sheriff Watkins and Mayor Fox, who voiced the opinion that conditions had sufficiently quieted to warrant the departure of part of the troops.

General Wells said about one half of the men will be removed tomorrow. There are approximately 700 militiamen here.

State's Attorney Roy Martin said tonight satisfactory progress is being made in securing evidence against suspects held in connection with the rioting.

**TO NOTIFY PROHIBITION CANDIDATES TODAY**

GERMANTOWN, O., Aug. 10.—Ohio's third presidential candidate, Dr. Aaron S. Watkins, standard bearer of the prohibition party and his running mate, D. Leigh Colvin, who is Ohio born, will be formally notified of their nomination here tomorrow.

Representatives of the party from all over the country are expected to attend.

Dr. Watkins is pastor of the Germantown M. E. church and professor of English at Miami Military Institute. Mr. Colvin's home is in New York.

**WILL ADVANCE MONEY TO MAXWELL MOTOR CO.**

New York, Aug. 10.—Several million dollars soon will be advanced to the Maxwell Motor company by New York banks, it was learned today, when it was announced that a committee had been appointed to take over management of the concern. The exact amount of the advance will be determined this week, it is expected.

## PONZI TELLS CLUB MEN HIS METHODS ARE LEGITIMATE

**Money Wizard Says Inquiry Will Show Him Solvent**

**TELLS SOME FACTS ABOUT HIS SYSTEM**

BOSTON, Aug. 10.—Charles Ponzi, who claims to have jumped from comparative poverty to a multi-millionaire's estate, thru dealings in international postal coupons, told members of the Kiwanis club today steps in the process by which he claims to have amassed his fortune.

Ponzi made his first dinner speech since he became the most talked of man in the country. He was invited before he was compelled to "cease payment" in his fifty per cent in 45 days, "proposition because of order issued by state bank commissioners to the Hanover Trust company yesterday to pay no more of Ponzi's checks."

**Says He Is Solvent.**

Ponzi reiterated that he was solvent and expressed confidence he would be substantiated by the investigations in progress and that he would be able to resume business.

He related how he had hired a small office, used his small capital and then with an international coupon always on his desk, "began to do some thinking." He finally obtained financial assistance, he said, and spent thousands of dollars in foreign correspondence.

"I found out," he said, "that the postal coupons could be converted into postage stamps. Then all I had to do was to figure how many millions I could make."

"I got in touch with men who were able to secure for me large amounts of coupons in different countries. They bought them with our money and used them as collateral to be redeemed later."

"When conditions were right I offered to borrow money from the public. I offered fifty per cent in ninety days and would not promise to redeem notes in 45, but I thought that three weeks was about the right time to bank the money here, send it abroad get the stamps and convert them into cash."

"I started the securities exchange company."

**Redeems Stamps Abroad.**

"I decided that if I redeemed the stamps in the United States the federal government might decide that it came within its jurisdiction, that there was no federal or state law against it. But the exchange rate was the same in Switzerland and Norway and some other countries. So I decided to redeem them there."

Ponzi said foreign governments realized a profit on the issue of these postal certificates, and "are not going to disclose the other governments how many coupons they have issued."

In the transactions in coupons, he insisted nobody suffers a loss.

"I buy today," he said, "a dollar's worth of Italian exchange. At the present rate I get 18 lire. I would get five under normal exchange. With the 18 lire I buy sixty international coupons. These coupons can be sold for three dollars in American money."

**GOV. COX TO SPEAK AT CAMP PERRY**

DAYTON, Ohio, Aug. 10.—Governor Cox tomorrow will start the travels of his presidential campaign which are expected to continue until November. The Democratic candidate will leave here tomorrow morning for Camp Perry, Ohio, where he is to speak Thursday afternoon.

The governor worked in his office several hours today after voting in the state primary, but went to Transil last night.

Besides his telegram to the Tennessee woman suffrage workers the governor today had further consultations on the Tennessee fight. He was asked to send a representative of the Democratic campaign committee to Nashville and sought to reach Wilbur M. March of Iowa at Chicago for the mission.

**A. E. F. WILL PASS INTO HISTORY, AUGUST 31**

Washington, Aug. 10.—The American Expeditionary Force will pass into history August 31, when the only remaining unit of the army that fought in France, A. E. F., headquarters here ceases to exist. Records of the great army that was transferred to custody of the war department and the following day General Pershing will open headquarters in his new capacity as general of the army.

**TO HAVE AIR MAIL SERVICE BETWEEN CHICAGO-ST. LOUIS**

St. Louis, Mo., Aug. 10.—Air mail service between St. Louis and Chicago will be instituted at 9:30 o'clock next Monday morning. Postmaster C. M. Selph, announced today. At that hour a mail airplane is expected to leave Chicago and another to leave St. Louis each scheduled to arrive at the other city in about three hours.

## NEW YORK BANKS ARE BLAMED FOR MARKET CONDITIONS

**Comptroller of Currency Gives Out Statement Tuesday**

**WILL PLACE BLAME WHERE IT BELONGS**

WASHINGTON, Aug. 10.—Partial responsibility for disturbed conditions to commerce and industry and the market values of securities, were laid on national banks of New York City by John Skelton Williams, comptroller of the currency today. He declared the "unjustifiable and excessive" interest charged had been a "potential cause rather than a result" of the present situation.

"The New York banking community deserves the gratitude and admiration of the country for the loyal generosity with which it co-operated with the government during a time of crisis," said Mr. Williams. "But that is history. With the fading appeal of war and danger some bankers have taken advantage of the situation and force inordinate profits for themselves, regardless of the effect on the general welfare of the country."

Mr. Williams served notice he would employ power to place the blame "where it belongs."

**PEACE TREATY SIGNED BY TURKEY**

**Is Now Officially at Peace With the Allied Powers**

**WAS SIMPLE SOBER CEREMONY**

SAVRES, France, Aug. 10.—(By The Associated Press.)—Turkey, the last power to remain in a state of war with the entente, signed the treaty today and is now officially at peace. Serbia and Hedjaz alone of the nations interested had refused to sign.

It was a simple, sober ceremony. Premier Venizelos, asked his signature to the three voluminous documents—the treaty itself, an Italo-Greek protocol, and a protocol on Asia-Minor and the zones of influence with trembling hand and sombre face, ascribed by some to illness and overwork.

The three Turkish delegates looked away as the premier passed their seats not bowing to him as they did to the other delegates.

Premier Millerand opened the ceremony with a few words and then asked the Turkish delegates to sign. The business was concluded at 4:30 o'clock.

Great crowds gathered in the beautiful Savres Park to await the coming of the delegates. Upmost among the topics of discussion was the Russo-Polish situation. Many anxious mothers asked the correspondents: "Is it war again," as the peace delegates entered the historic old chateau.

**LIGHTNING KILLED TWO MINISTERS**

LA PORTE, Ind., Aug. 10.—"If a bolt of lightning should strike this tent tonight how many would be ready for it?" the Rev. John Timber, asked a congregation of Free Methodists at Springfield, last night. Outside a storm was threatening.

A few moments later a bolt of lightning entered the canvas top, killed two ministers on the platform, seriously burned the Rev. Mr. Timber and knocked down many of the worshippers.

The dead are the Rev. Henry Leuz, of Belvidere, Ill., and the Rev. L. S. Huston, field agent of the Evansville Seminary, Evansville, Ind.

**ITALIANS RETURNED TO WEST FRANKFORT**

Columbus, O., Aug. 10.—Frank Bianca, Italian, accompanied by his son, Paul, 12, were returned today to Williams county, Illinois, to face murder charges in connection with the race riots at West Frankfort, Illinois, several days ago. The father, according to Illinois officers, killed Tony Hempel, 18, and Amiel Calcester, 14, whose mutilated bodies were found in a stream by fishermen. The father and son were arrested here last week at the request of Illinois authorities.

**MANNIX DEMONSTRATION CAUSES ONE DEATH**

Bublin, Aug. 10.—The Mannix demonstrations here today resulted in one civilian being killed and another wounded by the military. After midnight military patrols notified demonstrators that they must disperse. In most cases the parties left but one crowd remained. The military fired a volley killing the one civilian and wounding the other.

At 3 a. m. the streets were quiet. The military patrolled the city.

**JEWELRY STORE ROBBED**

Cleveland, O., Aug. 10.—Three bandits early today entered Sol Bergman's jewelry store on East Ninth street, in the heart of the downtown section, shot and seriously wounded two employees, Frank Schuck and Jerome Suskin, looted the safe of jewelry and diamonds estimated at \$30,000 in value, and escaped in an automobile.

## SHURTLIFF LEAVES SENATORIAL RACE AFTER CONFERENCE

**Marengo Man Withdraws in Order to Clarify Situation**

**ANNOUNCEMENT IS MADE BY LOWDEN**

CHICAGO, Aug. 10.—E. D. Shurtliff of Marengo today withdrew his candidacy for the Republican nomination for the United States senate from Illinois and leaders of the Lowden faction agreed on William B. McKinley of Chicago as their candidate to oppose Frank L. Smith, who has the support of the Thompson faction.

Mr. McKinley was agreed on as the candidate at a conference today of Governor Lowden with a group of Republicans, mostly from downstate.

The fact that Mr. McKinley had been in the field and had an organization perfected is understood to have influenced the Republicans in their decision. Governor Lowden issued a statement announcing Shurtliff's withdrawal and expressing appreciation of what he termed Mr. Shurtliff's "unselfish course in withdrawing to prevent a division of forces opposing candidates supported by Mayor Thompson of Chicago."

**Statement by Lowden.**

The statement follows:

"A largely attended conference of representative Republicans, including all candidates on the anti-Tammany ticket, met in Chicago today to consider the senatorial situation. They were unanimous that there should be an agreement upon the senatorship among those Republicans who are opposed to Tammany in Illinois and who are concerned for the preservation of its political independence and its constitutional government. They have joined me in asking E. D. Shurtliff to withdraw his candidacy in order to avoid a division of forces and that his supporters may join the others in a united and successful movement to nominate for senator, William B. McKinley of Chicago."

"I have most reluctantly expressed to Mr. Shurtliff this request and he has magnanimously agreed to comply therewith. The conferees share my own high regard for his public service, his talent and character. They wish me to express to him their gratitude and appreciation of his unselfish course."

(Signed)

"Frank O. Lowden."

**DID NOT WANT TO SHOOT RELATIVES**

NEW YORK, Aug. 10.—Erwin Rudolph Bergdoll, being court-martialed on Governor's Island, charged with desertion from the army in evading the draft law, did not want to enter the army and be in position "where he might have to shoot relatives on the other side," according to testimony today by William S. Ellis, chairman of the local draft board of Broomall, Pa., where Bergdoll registered.

Bergdoll disappeared when told that as he was an American citizen he must answer to the draft call and it was his duty to submit to physical examination, Ellis said.

**SCALE COMMITTEES WILL MEET FRIDAY**

INDIANAPOLIS, Ind., Aug. 10.—John L. Lewis, president of the United Mine Workers of America late today received the telegram from President Wilson calling a meeting of the miners and operators scale committees in Cleveland Friday to take up the wage demands of the day workers and company men who recently went on strike. He telegraphed district presidents of the union to instruct the members of the scale committee of the miners to be in Cleveland at the time designated.

**PLENTY OF APPLES FOR ALL THIS YEAR**

Chicago, Aug. 10.—Plenty of apples this year for every one in the United States, providing shipping conditions improve, were promised today by R. H. Phillips, Rochester, N. Y., secretary of the International Apple Shippers' Association, which opened a four day convention.

**KILLED WHEN AUTO SKIDS AND TURNED OVER**

Harrisburg, Ill., Aug. 10.—Mary Tindell, 19, was killed today when an automobile in which she and several friends were riding skidded and turned over. Mrs. Cora Gulleague was seriously injured and Otis Burress and Jack Burton were slightly hurt.

**COMMITTEES APPOINTED AT I. T. U. CONVENTION**

Albany, N. Y., Aug. 10.—Committees appointed at yesterday's opening session of the International Typographical Union's fiftieth annual convention were at work today on their reports which are expected to be taken up at a session tomorrow. No session was held today.

## TENNESSEE IS PREPARING TO VOTE ON SUFFRAGE

**Caucuses Have Been Called by Republicans and Democrats**

**RATIFICATION OPPOSED BY SPEAKER OF HOUSE**

NASHVILLE, Tenn., Aug. 10.—Preliminary steps toward joint action by Republican and Democratic members of the Tennessee senate favoring ratification of the federal woman suffrage amendment were taken today at a meeting of leaders of the Democratic ratification forces. A committee was appointed to arrange a meeting with Republican leaders for some time tomorrow.

Senate and house Republicans will caucus tomorrow morning. The joint ratification resolution was introduced today in the house but went over until tomorrow.

Parliamentarians said the resolution might be discussed in each house if members disagreed on what committee to refer it to. Debate on motions to refer, it was said, undoubtedly would result in discussion of ratification itself.

There was speculation tonight as to when a vote would be reached. The committees, it was said, probably would arrange a joint public hearing Thursday or Friday night. The resolution might be reported the following day and go to a vote immediately.

Speaker Walker of the house declared today that an attempt in the house to rush matters would not be permitted.

Mr. Walker announced today that he would oppose ratification and his defection from the ranks of the suffragists occasioned much discussion.

Washington, Aug. 10.—Tennessee legislators supposedly pledged to support the national woman suffrage amendment in the legislature, they have gone into the opposition camp, according to a statement by the National Woman's party tonight, which asserted that a majority for ratification has disappeared.

"The change can be traced to one thing only, the failure of Governor Cox and Governor Roberts to put sufficient force behind their pleas for ratification," Miss Alice Paul, national chairman of the Woman's party said.

**EXPRESS EMPLOYEES WILL TAKE VOTE ON NEW WAGE AWARD**

**Believe Will Accept Decision of Railway Labor Board**

**DECISION AFFECTS 80,000 MEN**

CHICAGO, Aug. 10.—The Railway Labor Board's decision today awarding an annual wage increase of \$30,000,000 to employees of the American Railway Express Company, will be submitted to the 80,000 men affected in a referendum with a recommendation that the award be accepted, officials of the four unions included in the hearing said tonight.

Formal meeting of the officials was held but not being deemed necessary in view of the award which was greeted with general satisfaction.

The labor board granted a flat increase of 16 cents an hour to the employees, retroactive to May 1, 1920. While this was somewhat less than the men demanded it was said by union officials tonight to "appear to be quite satisfactory," and belief was expressed that the employees, thru the referendum would approve it.

The four unions of the express employees all of which were included in the award are the Order of Railway Expressmen, the Railway Express Drivers, Chauffeurs and Conductors, Local No. 270 of Chicago, the International Brotherhood of Teamsters, Chauffeurs, Stabblers and Helpers of America and the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees.

A decision covering working conditions will be handed down later by the board.

**LOYD GEORGE READ RUSSIAN ARMISTICE TERMS**

LONDON, Aug. 10.—Mr. Lloyd George tonight read in the house of commons tonight the Russian armistice terms as communicated by M. Kamenetz. The premier said he had communicated the terms to Poland, France and Italy. He did not think it fair, he added, when the delegates of both sides were to meet for him to express an opinion concerning the terms which might embarrass the discussions.

**HOLD PROTEST MEETING**

New York, Aug. 10.—A meeting to protest against the removal by the British government of Archbishop Mannix from the Steamship Baltic was planned here today by Irish sympathizers. It was announced the meeting would be held in Madison Square Garden next Sunday and that Frank P. Walsh would preside.

## COMMISSION RULES FREIGHT RATES MAY ADVANCE ONE THRU

**No Increase in Passenger Fares Until Legislature Acts**

**SITUATION EXPLAINED IN LONG STATEMENT**

CHICAGO, Aug. 10.—The state public utilities commission today granted railroads operating in Illinois a 33 1-3 per cent increase in intrastate freight rates and denied a petition that passenger rates be increased to 3.6 cents a mile. The passenger rate decision was rendered on the ground that the commission did not have authority under the state law, which fixes the rate at two cents a mile to grant a rate beyond that amount.

The commission pointed out in its statement concerning passenger fares that the present rate of three cents a mile is in effect thru war time laws and that when the roads emerge from under jurisdiction of the war time transportation laws, the passenger rates in Illinois will automatically revert to two cents a mile under the state law unless action is taken by the legislature prior to that date. Members of the commission and railroad officials said that such a situation would produce an "almost hopeless mix-up in the state situation because the Illinois laws would conflict with federal laws. The freight rate increase was granted under provisions in the Esch-Cummins law which provides a 5 1-2 per cent return for railroads on capital stock invested and was designed to meet the recent wage awards granted employees. The raise in rates will total \$100,000,000 a year according to Chairman Wilkerson of the commission.

**R. R. History Reviewed**

The text of the two statements issued on the subject, tallied almost word for word and dealt largely with a history of the railroad situation in Illinois and previous court decisions.

"The situation resulting from the application of the two cent fare to conditions arising as a result of the war when the railroads were returned to the control of their owners was brought to the attention of the last general assembly and it did not see fit to enlarge the powers of this commission," says the report on passenger fares. "We shall not therefore undertake to set aside the declared policy of the general assembly. The carrier has not asserted its intention to continue to charge the rates named in these schedules after August 31, 1920, regardless of the action of this commission. On the contrary, it has stated that if the application for approval of these rates is finally denied, it intends to apply to the interstate commerce commission and to the courts for an adjudication as to its rights in the premises. Until there is some further act or declaration on the part of the carrier there will be no basis for a direction of the proceedings pursuant to section 76 of the public utilities act."

Without authority to authorize or approve passenger fares higher than those prescribed in the act approved May 27, 1917, in force July 1, 1917, (two cents a mile); that the tariffs which were last filed with this commission and in effect prior to the schedules established by the director general of railroads during the period of federal control will be in effect until August 31, 1920, under the laws of the state; that the rates named in said schedules last mentioned are the reasonable rates of charges for the intrastate transportation of passengers on the different railroads in this state under the constitution of this state and the statute enacted in pursuance thereof; and that the rates named in the schedule involved in this proceeding are in violation of the state statute and such schedules so far as the state is concerned are void and of no effect."

In considering the Polish-Russian trouble, the Bolsheviks are worthy of every indictment made against them. However, it should be remembered that the Poles are not without blame. Their efforts to take in Russian territory not properly within their boundaries had much to do with the present war situation.

Alexander Howat, district miners' officer in Kansas, is still defying the state government, international miners' union and everybody else. It remains to be seen whether or not Howat is greater than the organization that he represents.

It is said that the consumption of newsprint has been troubled since 1900. There has been a great increase in the number of newspaper and magazine readers out other uses of newsprint have also increased. Next year, however, the prospects are for a reduction as larger consumers have been notified that they must curtail by at least 20 per cent.

Ponzi, the money wizard, has insisted time and again, that his methods are legitimate and that he is solvent. Certainly it should not be difficult to prove or dis-

prove these statements. If they are true, the Italian has a fine chance for recovering in damage suits on account of the published charges.

Some cotton mills in the east are closing down because of the slowing up of the industry. There have been many cancellations of goods bought, just as has been the case with some of the eastern woolen mills. No doubt the charge will quickly come that the closing of cotton mills is just another bit of Republican propaganda work for campaign purposes.

The effort to interest local young men in joining the militia should receive support. The recent situation in southern Illinois has given ample proof of the need for a military force in this state. Today there are not more than two or three regiments of militia available for duty, and certainly the present unrest and the disturbances which happen from time to time give the best kind of proof that young men who become guardsmen are engaged in a worthy and patriotic work.

It's a fact worth remembering that some Illinois candidates who are hoping to be nominated at the September primary are figuring that probably not more than 50 to 60 per cent of the voters will take part in that election.

It ought not to be true, but it is, that candidates who hold important offices very frequently are the choice of the minority. This means that apathy rules and thousands upon thousands of voters fail to express their wishes at the polls and afterward many of them complain because the offices are not filled by the people of their choice.

The final report of the United War Work campaign for Morgan county has just been filed with the national treasurer. It shows that with an allotment of \$75,000

for this county, that just 6 per cent of the subscriptions were delinquent. This report shows again the goodly spirit that prevailed in Morgan county in war work, and all related thereto, for the general average of delinquent subscriptions is about ten per cent.

If the commissioner of immigration is right, the next year, four million immigrants may be expected in the U. S. With such an incoming in prospect, there is no wonder that the federation of labor looks with some concern upon the effect of workers from the foreign countries upon conditions in this country.

If about two million of the prospects are capable domestics they will find no trouble in being quickly "absorbed" into employment.

Very few people have found time to read the 3500 word open letter of Mayo Thompson, issued in defense of the charge that he is seeking to build up a Tammany machine in the state of Illinois. But those people who have read the letter give the mayor credit for some good things that he has done as chief executive of the great city, and at the same time believe that his explanation of his attitude during the war is the kind that does not explain.

**MR. SHURTLEFF WITHDRAWALS**

Edward D. Shurtleff of Marengo has withdrawn from the race for nomination for the U. S. senate in Illinois. Mr. Shurtleff's action was taken in the effort to clarify the situation in this state and make it a straight contest between the candidate supported by the Thompson-Ludwin organization in Chicago and a down state candidate.

Mr. Shurtleff is a man with a splendid record in the Illinois legislature and he would have been a formidable candidate for the senate. It was true, however, that Congressman McKinley had been for months in the field and his friends had organized quite extensively thruout the state before the Shurtleff candidacy was announced.

The willingness of Mr. Shurtleff to withdraw in view of all the facts and conditions gives further evidence of his calibre and his sincere wish to place the best interests of the state and party above personal ambition.

**HOPEFUL PROSPECT**

The problems which so long have vexed will soon dissolve in air; an editor will be the next to fill the White House chair. And editors are gifted gems who call the largest bluff; they would not give you fourteen cents for all that problem stuff. The man who on his tripod sits and writes those gems you know, is used to every kind of fits that this old world can throw. New problems face him every hour, each one a rumpus makes; he plies his paste-brush, blue and sour, and solves them in three shakes. The man who runs a paper now, nor takes the suburban train, has shown that in his bulging brow there is a massive brain. And soon a journalistic scout will walk the White House way, and cry, "The latching-string's always out," and "We have come to stay." And then the problems dire will meet a man who fears them not, who has blue prints to show his feet are comfortably hot. Ye Editor will laugh to scorn the problem's sickly thuds, drink its confusion in a horn of prohibition suds.

## SPEAKING OF STREETS

By Ensley Moore  
(Member Illinois State Historical Society)

"Seeing" the Courier, "And—" It was not surprising that Richard Yates and Judge Brown made a partnership in law, especially since they were both from Kentucky and that Yates had read with Hardin. It would, afterwards have been but a step for Harch to Elmsford or even down to Howe or Johnson. But he had gone—after our Rout of the Mexicans. To be sure Yates first went to College here and enjoyed the Prospect afterwards opened West of the campus, even passing Westminster when it was but a little brick structure, and he easily saw the First church. Yates was related by marriage to Masters and knew Linton and Duncan and Beesley and Edmon and Arnett and heard of Caldwell; no doubt hearing Webster speak; and he was intimate with Lincoln, especially when each of them stood so loyally for the West and North, and both spent much time in the East, no doubt Yates fished in the Mauvaisterre, and he could not go to St. Louis by stage without crossing Sandy.

Another man from the South was Chambers, who came here about as soon as Lockwood did. All those early settlers heard much of LaPayette, some may even have seen Washington or Madison. Douglas began his attendance upon Court here, and Morgan was more honored by the county than the street. It must have required some nerve for the layers of a plat to include Michigan in it. But New York was not the only place that had a Greenwood without "The Diamond" or our western Grove Jacksonville would not have been so shady, even if King had set out trees on State in 1840.

It was always a great delight for our people to ride out to the Mound, and the Morton Road was not to be ignored, any more than the classic shade of Parrassus; say all this "on the Square."

**AN INTERESTING CHARACTER**

A tall, attractive and intelligent gentleman hailing from Missouri appeared in Jacksonville yesterday morning after an absence of 39 years and it is needless to add he found few who knew him and saw little that was familiar.

In 1871 Benjamin Whittaker landed in Jacksonville with his family and the parents found employment in the Home Woolen Mills south of the brook and which were destroyed by fire in 1873. They were industrious. Godly people and tried to rear their children in the fear of their Maker and died leaving them the great heritage of a good name.

The family were employed to some extent by the Capps mill proprietors, but in 1881 the son, T. B., decided to try his fortune in Missouri. He married Miss Beardon, Prof. E. A. Tanner performing the ceremony and set out for the state across the Father of Waters. He had a small parcel of land but for awhile times were hard with him and he had to work or others to get along. Finally he managed to get a small trifle ahead when there was a farm of nearly a thousand acres for sale and he determined to buy it which he did, going in debt for the most of the purchase money and today it is all his without incumbrance. His home is near Randolph, not far from Moberly. He has four sons and three daughters. One son saw service in the World War, participating in the hard campaigns in France. All his family are at home, and the oldest is 32 but they seem to prefer the parent nest to any other.

Mr. Whittaker well remembers doing some work for Dr. G. V. Black on the famous dental engine that gifted man invented and for which he didn't get anything but the gratitude, possibly, of his fellow men. He regretted to learn of the doctor's death and would have been glad to see the remaining members of the family had his stay here permitted. He prefers Hereford cattle, Shropshire sheep and Chester White hogs. His hogs seldom have cholera and mange. He says shade and cleanliness are his antidiotes. He well remembers the writer who was also an intimate friend of Mr. Whittaker's parents. He found J. P. Lippincott and saw hardly any others he knew.

# WHEN THE HUMAN MACHINE GOES WRONG

Nature intended that each human body when in normal condition should always be healthy. Weakness and disease are therefore the results of deranged function in some part of the body due to an interference with Nature's way.

Through Chiropractic methods, every part of the body can be brought to normal and made strong and healthy because the forces of Nature have been permitted to resume their work of nourishing, strengthening and repairing worn out, weak tissues and organs.

Chiropractic helps Nature to restore and rejuvenate run-down bodies. It can make the system tingle with vigorous life-energy and do it easily, simply and naturally. While this new science will not do the impossible, it will benefit even after all other methods have proved incapable of reaching the trouble. ### Balfour Pink--the Granite Eternal

When you erect a monument you are erecting something to stand not for a year or two but for years and years--then you must get the best. Balfour Pink has stood this test.

"In the year 1766, near what are now the quarries of the Harris Granite Quarries Company, the home of BALFOUR PINK GRANITE, one Michael Braun built a granite house. Today the house stands intact, the pink granite retaining its true color, and we must marvel even more at the qualities of that granite which have enabled it to withstand the successive seasons of heat and frost without deterioration."

### ENGLISHMEN SLOW AT SEEING THE POINT

The British Don't Appreciate Our Comic Supplement Topical Humor Any More Than We Do Their Own Witticisms of Punch

Mitchell Rawson in N. Y. Times. "Did you see the joke?" asked the tactful middle western woman, turning to her guest from London.

A lift of the eyebrows. "Yes, I saw it. And, may I ask, why the doubt?"

"Oh, well, you know, the English have that reputation—for being slow at seeing the point."

The middle western woman giggled her way out of the embarrassment and the subject was changed. It is to be hoped that the guest from London did not spread his memory of her across the face of the American country thereafter.

That woman of Ohio (or was it Kansas?) was only one of a myriad subscribers to a firmly rooted tradition which is a source of some amazement to Englishmen who visit us and who find that they are expected not to smile when a witticism is indulged in. If they do smile, in spite of the expectation, they discern sooner or later that the smile is regarded as a pretense. They don't really see the joke; they are only pretending to!

#### Englishmen Can Laugh.

Now, most Englishmen pride themselves on being not the dullest of mankind. They have done a great work in the world, and the work has been one which has had much aid from laughter. Only a capacity for defying Fate can build an empire; and no man can for any long time defy Fate without being able to gauge the mortal situation with a smile—a smile humorous or ironical as the temperament may be, but nevertheless a smile. It is the fortress of sanity, the rock of reason.

Englishmen seldom cultivate a sense of humor, but they believe notwithstanding that they have it. They are admirers nowadays of nearly everything American, but rarely do they fail to draw the line sharply at the colored sections of certain of our Sunday newspapers. They frankly prefer Punch; and it is perhaps not unpatriotic to suggest that they are not, by the mere fact of that preference irredeemably branded as humorless.

It is true that Punch is heavy to us. But so are the comic sections to them. And half the American inappreciation and even scorn of Punch lies in the fact that its humor is topical, like so much of our own. We fail to understand English local allusions until we have lived for some time in England, and the case is the same with our cousins visiting here. There is surely, in all this, no cause for an attribution of dullness to either side.

#### Good Wit Like Old Wine

The topical joke is not the highest form of joke, much less the highest sense of humor. The best laughter has always come from the deepest reading of human life and character. Really great wit and humor are so far like the old wine to which they have often been compared that they are none the worse for age, even tho they do not carry out the analogy completely and grow better. Some of the allusions of Mr. Samuel Weller, for instance, to the passing things of his day and time are more and more losing their significance; but the famous Samuel himself is eternal. Does the middle western woman, who feared that her guest from London would not see the joke, read Dickens? It is very doubtful. Most of her type, in our day, do not. Dickens is old-timey and long-winded. Keystone comedies have more "snap," tho the throwing of pies (the only really Dickensian touch in them) is branded as vulgar. But the English guest had almost certainly read of Sam Weller as a matter of course, and in his impressionable years of childhood. He must have known how to laugh then, at any rate; and possibly he has not forgotten.

#### Twain and Dickens Popular

Mark Twain was read by the

hundred thousand copies in England. Dickens is read by the hundred thousand copies here; and not only Dickens. There is a long list of writers of humor from Chaucer thru Shakespeare and Fielding and Lamb and Thackeray and a hundred others down to our day, including Meredith and his essay on "The Comic Spirit." For those who like the quieter view there is E. V. Lucas (a writer who stands in the great tradition of English letters if ever writer did), and for those who would have chuckled without the pale cast of thought there is W. W. Jacobs. All these men have been sons of the dull little island where jokes about the B. R. T. are not quickly understood; but some of us Americans would give a good deal to be able to command one-half their power.

There is a continental as well as on insular insularity. There is such a thing as a dull holding on to indefensible stock ideas. It would be a terrible thing for one congratulating himself on his own brightness to be revealed as simply, in the last analysis, impervious to unexpected facts—worse of all incapable of laughing at himself.

The guest from London at that humorous dinner table was more or less amused at the supposition unfolded, to him so strangely, regarding himself. Suppose the shoe had been on the other foot. How would the tactful woman have taken a doubt cast on her native elasticity of mind? Would there have been a smile?

Yet that is one test.

### JAPANESE NOW USE FROG MEAT AS FOOD

Tokio, Aug. 9. — Frog meat made its first appearance last month in the menu of one of the most popular restaurants of the city. Frogs had never been considered as a food until very recently by the Japanese. In 1918 Dr. Watanabe brought some edible frogs from the United States. They were kept at the Infectious Disease Experimental Station where experiments were made in breeding and raising.

The government has taken steps to encourage the raising and eating of frogs.

Misses Beryl and Verna Wallace of Chicago are visiting with Miss Margaret Clampt.

(Continued from Page One.)  
rule, depends and must continue to depend, upon the occurrence of revolutions in all other great civilized nations, including the United States which will overthrow and destroy their governments and set up Bolshevik rule in their stead. They have made it quite plain that they intend to use every means, including diplomatic agencies, to promote such revolutionary movements in other countries.

**Guarantees Without Value.**  
"It is true they have expressed their willingness to give 'assurances' and 'guarantees' that they will not abuse the privileges and immunities of diplomatic agencies by using them for this purpose. In view of their own declarations, already referred to, such assurances and guarantees cannot be very seriously regarded. Moreover, it is within the knowledge of the government of the United States that the Bolshevik government is itself subject to the control of a political faction with extensive international ramifications thru the third international and that this body, which is heavily subsidized by Bolshevik government from the public revenues of Russia has for its openly avowed aim the promotion of Bolshevik revolutions throughout the world. \* \* \*

To summarize the position of this government, I would say therefore, in response to your excellency's inquiry, that it would regard with satisfaction a declaration by the allied and associated powers that the territorial in-

tegrity and true boundaries of Russia shall be respected. \* \* \*

"The policy herein outlined will command the support of this government."

### POLISH ARMY IS DISSOLVING BEFORE REDS

Berlin, Aug. 10.—(By The Associated Press.)—The north wing of the Polish army, destined to defend Warsaw on the north is dissolving under pressure of the fourth Russian army, says a despatch from the east Prussian frontier.

The former German boundary at the southern end of the Soldau sector has not been crossed by the Russian patrols. The Russian front, the despatch adds, indicates runs from Mlawka (southeast of Soldau) to Siechanow and thence east to Rozsan. The Poles it is added have declined to furnish battle between Ostrolenka and the Bug river. They retired toward Wyszkow (35 miles northeast of Warsaw) where they are being flanked on the east. The soviet forces have advanced beyond Sokolow.

A Marienwerder, East Prussia despatch says the Poles evidently have abandoned their intention to defend the Soldau sector in order to marshal all available forces for the defense of the Thorn-Danzig railroad.

## Bulletins From Here and There

LEXINGTON, Ky., Aug. 10.—Frankie Mason, Fort Wayne, Ind. claimant of the flyweight championship title, knocked out Artie McGovern, Louisville, flyweight, in the sixth round of a scheduled 12-round bout here tonight.

COLUMBUS, O., Aug. 11.—With more than one-third of 6,000 precincts heard from at 1 o'clock this (Wednesday) morning on returns from yesterday's statewide primary election, former Mayor Harry L. Davis of Cleveland had a lead of approximately 14,000 votes over former Congressman Ralph D. Cole of Findlay, his nearest opponent for governor.

LITTLE ROCK, Ark., Aug. 10.—A tabulation late tonight by the Arkansas Gazette, showed that Congressman T. H. Caraway had piled up a big lead over Senator William F. Kirby, his opponent for the nomination for the United States senatorship in today's Democratic primary.

LONDON, Aug. 10.—Reports from Polish sources to the Exchange Telegraph say Poland has accepted the offer of the Hungarian government to send a few regiments to participate in the war against the Bolsheviks. Hungary, it is said, is disposed to send 10,000 soldiers and war munitions and placed the Hungarian Red Cross at Poland's disposal.

NEWPORT, R. I., Aug. 10.—The victory of N. W. Wiles and A. S. Dabney over W. M. Washburn and S. H. Voshell in the doubles at the annual Newport Casino Lawn Tennis tournament was the feature match of today's play. The Boston pair won in straight sets, 6-3, 6-3. In the forenoon Washburn had defeated C. S. Garland of the Davis' Cup team in straight sets.

## PURCHASE MORE GROUND FOR ROMAGNE CEMETERY

Resting Place for 23,000 American Soldiers Will Be Enlarged and Trees and Shrubbery Will Be Planted.

Paris.—In order to prevent any commercial encroachment upon Romagne cemetery, where 23,000 American soldiers are buried, the French government has been asked by the American Army Graves Registration Service authorities to purchase the gentle slope facing the front of the cemetery, and the entire crest of the hill occupied in part by the cemetery, as well as plots at both sides.

The Romagne, Suresnes and Belleau Woods cemeteries have been approved by the secretary of war as the permanent resting places of more than 30,000 soldier dead who will continue to sleep in French soil. Suresnes, which is on the slope of Mont Valerien, one of the forts built to defend Paris, is already protected against encroachment of any sort, and the same is nearly true of Belleau Woods.

The extra ground to be purchased at Romagne will not only safeguard the cemetery against any encroachment but will provide areas which will be used by American horticultural experts to surround the hallowed spot with trees and shrubbery. At the present time the cemetery is surrounded only with a long wall, and there is no available space for planting.

The beautification of the cemetery will not begin for some months as most of the bodies in the cemetery now are to be removed to America, and this work will not start until mid-September and cannot be finished until some time next year. After this work is finished bodies from other cemeteries will be moved in.

### M'GRAW WILL GIVE OUT STATEMENT

NEW YORK, Aug. 10.—Mystery surrounding the manner in which John C. Slavin, musical comedy actor received serious injuries Sunday morning, tonight remained impenetrable. A conference of all persons with Slavin preceding Thursday at which time District Attorney Swann said a full statement will be made by John J. McGraw, manager of the New York National Baseball Club. McGraw spent part of Saturday evening at the Lambs Club. He has refused to explain the encounter he is reported to have had there with a club member, in which Slavin is said to have engaged in the role of peace maker. Afterward Slavin was found unconscious on the sidewalk in front of McGraw's home.

Slavin regained consciousness tonight but could not speak coherently.

### PRESIDENT ASKS SCALE COMMITTEES TO MEET

ST. LOUIS, Aug. 10.—President Wilson's request that the respective scale committees of the miners and operators meet at Cleveland Friday to consider alleged inequalities in the wage award of the federal coal commission was forwarded late today to members of the operators' committee by Thomas T. Brewster, chairman. Mr. Brewster explained that he would call the meeting if a majority of the replies indicated the operators approved the proposed conference. He added that he had notified the president of his action.

### AGREE ON PEACE TERMS

London, Aug. 10.—Peace negotiations between Latvia and Soviet Russia have resulted in an agreement on all points, and a provisional peace treaty will be signed today or tomorrow, it was stated by an official despatch from Latvia today.

PARIS, Aug. 10.—General Weygand, of the French army, has been offered supreme command of the Polish forces by the Polish council of national defense, according to a Warsaw despatch to the Havas Agency. The decision was taken at a meeting of the body called to discuss the defense of Warsaw and the re-organization of the army.

COWES, England, Aug. 10.—(By The Associated Press.) With her nearest competitor two and a half miles behind the American motor boat Miss America, won the first race for the Harmsworth trophy, the international motor boat prize off the Isle of Wight today. Her average speed for the thirty knots was 51.45 knots an hour and her fastest lap was at the rate of 56.63 knots.

WASHINGTON, Aug. 10.—The Detroit police department has filed application with the state department for arrest and extradition of Eugene LeRoy, whose apprehension is sought in connection with the Detroit-New York "trunk murder" should he attempt to land in either Brazil or Mexico. The department was requested to ask those countries to cooperate in arresting LeRoy who is reported to have sailed on the British Steamer Dryden from New York, Aug. 3.

PARIS, Aug. 10.—The German delegation in Paris which has been maintaining relations with the peace conference has been dissolved. Dr. Coppelert, head of the delegation, left for Berlin today.

LONDON, Aug. 10.—A Moscow wireless message today points out that Malkin Station occupied by the Bolsheviks in time, is three hours by rail from Warsaw, which, the message adds, "is on the eve of falling."

## NUTTING WILL MAKE LONG YACHT CRUISE

William Washburn Nutting Departs Aboard "Typhoon" for Cowes, England, with Crew of Amateur Sailors.

New York, Aug. 10.—William Washburn Nutting, a motorboat publisher of Beachhurst, L. I., who recently departed from New York aboard his ketch "Typhoon" for Cowes, England, took with him a crew of amateur sailors.

"Typhoon" is a new yacht built at the laboratories of Dr. Alexander Graham Bell, Baddeck, Cape Breton Island, Nova Scotia, Canada from designs by William Atkin. She is a 45 foot craft with a beam of 14 feet and auxiliary powered for use only in case of calm weather.

The crew consists of Nutting, F. W. Baldwin, the head of Dr. Bell's laboratories, "Jim" Dorsett Baldwin's right hand man and Guy Matheson, who joined the Canadian Expeditionary Force as a private and came back an acting colonel with the distinction, it is said, of winning every military decoration within the gift of the British nation except the V. C.

The yacht will sail approximately the course taken by Alcock and Brown in their famous airplane voyage from Newfoundland to the British Islands. This is far north where there is plenty of wind and usually plenty of sea with it. Mr. Nutting expected to arrive at Cowes in time to attend the races for British International Trophy, for which an American team of three boats has challenged and which will take place starting August 10. Later the "Typhoon" will cruise about the British Isles, then down the French coast and into the Mediterranean. Before snow flies the party will sail for the United States via the southern course, stopping at the Azores and Bermuda.

### REACH AGREEMENT TO TAKE BACK STRIKERS

DENVER, Colo., Aug. 10.—An agreement to take back striking employees of the Denver Tramway company on individual application of the men in writing as a step towards ending the strike which has tied up street railway service here ten days was reached tonight. The agreement followed a conference participated in by Major General Leonard Wood and state and city officials and union men men and representatives of the company.

President Silberg of the union called a mass meeting of strikers for tomorrow morning to pass on the proposed strike settlement.

### NEW YORK RATS COSTLY

New York, Aug. 10.—The board bill of New York's rats amounts to \$35,000,000 a year, according to Dr. Victor G. Heiser, of the Rockefeller foundation. Dr. Heiser, in an address here, said one rat would eat at least \$10 worth of food in a year, and he estimated the rodent population here to be 3,500,000.

### CHAUTAUQUA PREACHERS QUARTET

When the Columbia Graphophone Company features records made for Columbia machine by a musical organization, it is conclusive evidence that the organization in question has established itself as standard in its line.

The announcement, then, that ten selections made by the Chautauqua Preachers' Quartet are being widely advertised by this great company, ought to assure the excellence of the program to be given by the quartette in person.

Here's a quartette of most unusual character. All of its members are Methodist ministers, serving important pastorates. Their musical activities are incidents of their busy lives. Brought together at church conferences the members of the company discovered, quite by accident, the superb blending of their voices, and so great a hit did they make on their initial appearance that they were encouraged to continue their association together as a quartette. There was no thought at first of commercializing the quartette's value. It performed a service at church functions, and gradually came to be called upon to go out to gatherings of less formal nature. An astute chautauqua manager heard the quartet, was captivated, and made the men an offer to come to the chautauqua platform. That was a number of years ago, and "the boys" as they delight to call themselves, have not been able to spend a vacation elsewhere since then.

They have become perhaps the most popular chautauqua attraction in America. Naturally the ministerial connection of the members has helped to popularize the company. Careful program builders have recognized in the quartette an absolute assurance that every precedent of chautauqua ethics would find fulfillment, and that every program would be one to which the chautauqua committee could point with pride. Years have amplified that opinion. Not only have the programs been great, musically, but they have been helpful to every good cause. They have been filled with a fine religious sentiment, while preserving their popularity. The natural result has been to create a large demand for the services of the company, and only a small per cent of requested engagements can be filled. That this community is lucky enough to secure one of the coveted dates is a matter for congratulation.

## R. GORDON VASEY TAKES OWN LIFE

Boy Fourteen Years of Age Com-  
mits Suicide While Family Is  
Away—Believed to Have Been  
Temporarily Aberrated.

While temporarily aberrated R. Gordon Vasey, aged 14 years, committed suicide by shooting himself in the head at the home of his parents, five miles west of the city some time Tuesday morning.

The lifeless body was discovered by members of the family about 3 o'clock in the afternoon upon their return from a fishing trip. Life evidently had been extinct for some time.

Coroner Rose was notified of the death and went to the Vasey

home Tuesday afternoon and held an inquest. He empaneled the following jury: Dr. Edward Bowe, who is the family physician, and had been called by the father, James O. Kirkpatrick, Arthur Brown, Grover Vasey, John J. Vasey and M. V. Rose.

The jury only heard one witness, Raymond Vasey, father of the dead boy. Mr. Vasey told the jury that the family, with the exception of Gordon, had gone fishing Tuesday morning. He had stayed at home, saying he did not want to go.

When they returned home, witness said the boy was not in sight but he supposed he had gone to the farm of John Leach to haul water. Then he heard the members of his family calling from the house. When he went to see what the matter was, they told him that one of the boys had gone up stairs and found the body of his brother.

Mr. Vasey said the boy seemed to be in the best of health and spirits when the family had left him. He had never given any indication of suicidal tendencies. The act was a great shock to members of the family.

After hearing this testimony the jury returned the following verdict:

"We, the undersigned jurors, sworn to inquire of the death of R. Gordon Vasey, on oath do find that he came to his death by a gun shot by his own hand while suffering from temporary aberration."

Deceased was the son of Raymond G. and Jeanette Elzey Vasey and was born at the family home west of the city, September 1, 1905. Besides his parents he is survived by two brothers, and one sister, George, Robert and Virginia Vasey, all residing at home.

Gordon was a member of the Methodist church and would have been a junior at the high school this year. He was a bright boy of genial disposition and had hosts of friends who will learn of his untimely death with regret.

Funeral services will be held from Point church, Thursday afternoon at 2 o'clock, in charge of the Rev. J. O. Kirkpatrick. Burial will be in Diamond Grove cemetery.

Have You Seen the F. B. Battery Cover? The F. B. Battery Cover is an absolute essential for the protection of the battery. Without it the top of the battery quickly becomes covered with mud and dirt, which becomes acid soaked, not only causing a leakage of the current and soon runs down the battery, but also causes undue corrosion, disintegration of the terminals and the battery box proper which in a short time absolutely ruins the complete battery.

## G. O. P. LEADERS HELD CONFERENCE AT MARION

Front Porch Campaign Plan Will  
Be Adhered to—No Opposition  
Shown to Plan.

Marion, O., Aug. 10.—Unaltered adherence to Senator Harding's front porch program was announced tonight after progress of the plan has been reviewed by the Republican nominee with party leaders. Will H. Hays, national chairman, said the candidate and his advisers agreed that most of his addresses should be delivered here, that he might go elsewhere for a couple of speeches for exceptional events.

Leaders say they brought the candidate gratifying reports of the impression made thruout the country by his stay-at-home method of campaigning which more than offset the "great pressure" that had been brought to bear to induce him to speak in various localities.

**No Change Contemplated**  
"It was said at the start that the decision on the front porch plan is not unalterable," said Mr. Hays, "but there is no program in contemplation which involves a change. A couple of especial speeches for exceptional events are not unlikely when the proper time comes."

The chairman added that although many local leaders had asked that the candidate come into their states he felt the invitations were not indicative of any disagreement with the general policy.

His talks with party leaders occupied virtually all day and he left his office only to cast his vote in the state primaries.

Many details of campaign management were considered at the conferences with party leaders. The suffrage ratification situation in Tennessee is understood to have been discussed and it was indicated the Republican organization probably would bring increasing pressure to bear for ratification.

**Battle Lines Drawn**  
The league of nations issue was considered and Mr. Hays said afterward he considered the lines of the fight daily were becoming more definite.

"Governor Cox," said the Chairman, "has thoroughly embraced the Wilson doctrine. He stands unequivocally for the Wilson administration without any reservations as well as for the Wilson league. It is squarely up to the electorate to endorse or repudiate the last seven years of Democratic mal-administration in Washington."

"We are ready for the election today. There is no doubt about Republican success."

## PROMINENT RESIDENT OF WHITE HALL DIES

T. N. Rose, Brother of Coroner  
C. A. Rose of This City, Passed  
Away at Early Hour Tuesday  
Morning—Funeral Arrangements Not Yet Made.

The death of T. N. Rose, for many years a resident of White Hall, occurred in that city at 1 o'clock Tuesday afternoon, according to a message received by his brother, Coroner Charles A. Rose of this city. The deceased had been ill for a period of months and his death was not unexpected.

The deceased was born at Winchester August 3, 1873, and most of his life was spent in Scott county. For the past twelve years he had been cashier of the People's Bank of White Hall and was a man of high standing in that community.

Mr. Rose was a member of the Methodist church and of the Masonic fraternity. He has recently been a visitor in Jacksonville and many people here will learn with sincere regret of his death.

Mr. Rose is survived by his wife and one son, Lyndell. He leaves also two brothers, Charles A. Rose of this city and John Rose of Urbana, and two sisters, Mrs. O. O. Hodges of Laredo, Texas and Mrs. T. W. Horsley of Soda Springs, Idaho. He was preceded in death by one sister and one brother.

Funeral will be held at 3:30 o'clock Thursday afternoon from the M. E. church in charge of Rev. Leo Howard, assisted by Rev. Arthur Ewert.

### EASTERNERS HAVE MORE TIME TO PLAY TENNIS

Philadelphia.—The reason the east has an advantage over all other sections of the country in tennis is due to the fact that easterners have more time to play the game, according to Dr. Edward T. Pancoast, formerly one of the best players in this city, but now of Peru, Ind. He is visiting here.

Dr. Pancoast, an Episcopal clergyman, is still a keen student and advocate of the sport.

"The middle west has just as good material to work with," he said. "We have stars who would be just as good as the best in the east if they all weren't too busy making a living."

"Take, for instance, Ralph Burdick. Here is one of the leading players we have who is so busy he feels thankful if he can get a racket in his hands once a week. Ralph gave Bill Tilden, the worlds champion the hardest kind of a battle a short time ago and was leading 6 to 3 in the first set and 5 to 1 in the second when a volley broke the net. After a 10 minute lay-off, Burdick lost his terrific pace and Tilden finally won."

## DEMOCRATIC NOMINEE WILL DELIVER FIRST CAMPAIGN SPEECH

Roosevelt Will Fire Opening  
Gun of Campaign in  
Chicago Today

HOPES TO MEET  
FRIENDS ON TRIP

NEW YORK, Aug. 10.—After spending several hours at Democratic headquarters in conference with National Chairman George White and other party leaders, Franklin D. Roosevelt, Democratic candidate for vice president, left here today for Chicago where he will deliver the first speech of his campaign tomorrow.

Mr. Roosevelt devoted some time to reading telegrams and letters congratulating him on the text and spirit of his speech accepting the vice presidential nomination. Among these, Mr. Roosevelt said was a telegram from Governor Cox of Ohio, wishing him a pleasant trip and good luck on his fifteen day tour of seventeen western states, including short stops in many of the principal cities.

Mr. Roosevelt declared himself confident that the Democratic party would triumph in the coming election. He said:

"The splendid enthusiasm shown at Hyde Park yesterday has confirmed my belief that this country does believe in ideals and in making these ideals practical qualities. I have confidence that the people will decide in favor of my party because it is striving to make ideals realities."

"Of course the west has tremendous problems, peculiarly its own problems which I feel the east little understands. These problems and the practical solutions which our party proposes will be taken up in my speeches. In addition to the set speeches I hope to meet friends along the road wherever my train will stop."

## CAMPAIGNS TO BE RUN ON THRIFT BASIS

Presidential Campaigns This Year  
Will be on Economical Basis  
is Opinion of Senate Committee Members.

Chicago. — Presidential campaigns this year are going to be run on a thrift basis, in the opinion of several members of the Senate committee which has been investigating pre-convention expenditures of the various candidates who sought nomination by one or the other of the major parties.

Senators Kenyon (Rep.) of Iowa, Reed (Dem.) of Missouri and Spencer (Rep.) of Missouri all declare that the campaigns this year will be conducted with more care and consideration for the financial end than ever before.

The chairman of the Senate investigating committee, Mr. Kenyon, said, the pre-convention disclosures made through the committee and the fact that it was instructed by congress also to investigate presidential campaigns, will make the political managers careful of their expenditures and no disbursement which might cause unfavorable comment, even from opponents, will be made.

"I don't mean to say that anyone is afraid of the committee," said Senator Kenyon, "but the politicians realize that their expenditures are going to be scrutinized carefully and consequently they are going to cut out many of the usual items."

Senator Reed said economy would be forced on the political directors because they would not have so many large subscriptions as heretofore.

"Big business doesn't like to be publicly mixed in politics and many of the customary large subscriptions will be cut down," he added.

Senator Spencer also expressed belief that there would be considerable thrift in the campaign but declared it would never go so far "asto eliminate the usual trumpet blare."

"There is no question, however, that the campaigns this year are going to be handled on a very careful financial basis," he said.

## SEARCY SEEKS SEAT IN GENERAL ASSEMBLY

Ex-Serviceman of Springfield One  
of Candidates for General As-  
sembly in This District.

A visitor of political interest to the younger as well as some of the older political leaders of the community came to Jacksonville yesterday in the person of Earl B. Searcy, of Springfield, former newspaperman and candidate for one of the two Republican nominations for representatives in the General Assembly from this, the forty-fifth senatorial district.

Searcy occupies rather a unique position among other candidates in that he is the only service man who is running on either ticket. He saw actual front line fighting on six different occasions in France in 1918, and although he was severely gassed several times, came through without bodily harm. He was one of 45 out of a company originally of 185, and though his pack and clothes were riddled, he managed successfully to dodge German bullets.

This was the candidate's first visit since his entry into politics. Until three weeks ago, he was state adjutant of The American Legion, which position he was compelled to resign on account of his decision to seek the office of representative.

Searcy met a number of friends here yesterday, during his brief

visit. To whom he said: "There is an opportunity this year for some new blood in our legislature. I believe it is not asking too much to make one of the three legislators a service man. There is one thing certain, if elected, Morgan county will find me just as alert in her behalf as will Sangamon. I believe in representing a district, no matter how small it is. It is understood that Searcy will have the enthusiastic backing of law enforcement organizations in the state and district, as well as that of the young Republican element."

#### CHICAGO CHILDREN ENJOY PICNIC

The picnic for the little folks from Chicago was held at Nichols park yesterday and in every way was a success. A few kind friends lived so far away that it was not practicable for them to bring in their little guests but the \$3 about seventy showed up and to say they had a good time was putting it mildly. They came all right and immediately proceeded to have the time of their lives. The playground was soon a lively scene with about every piece of apparatus in active use. Back and forth the children swung and played while games and all sorts of diversions kept them busy so that about half past five they were ready to attack the contents of the well filled baskets the good people had brought. Seated on the grass they were helped till their ample capacities could contain no more and then generous dishes of ice cream made a suitable dessert to a fine meal.

It was worth a lot to see the children eat and to see the abundance of good things provided. They cried enough before the supply was exhausted and while they were sorry to do it they had to, the number of dishes of ice cream eaten by each ranged from two to five.

In due season the automobiles were drawn up and loaded with the children from the country while those from the city took the street cars and soon the picnic was a reminiscence but it is safe to say it will not soon be forgotten.

Those who supplied autos and aided in other ways to supply the good things and make the day a success are entitled to the thanks hereby offered.

#### FORMER RESIDENT DIES IN INDIANA

N. E. Boston received word yesterday of the death of J. H. Chamberlain which occurred at his home in Ligonier, Ind., last Friday.

Deceased for many years was resident in Morgan county occupying a farm northeast of the city. He was over 80 years of age at the time of death.

Some years ago Mr. Chamberlain went to Ligonier where he has been engaged in the breeding of fine stock with his son Leslie, who survives.

Mrs. N. E. Boston, who was raised by Mr. Chamberlain, departed for Ligonier last week, but did not arrive until after his death. She remained there for the funeral which was held Tuesday.

#### FINAL REPORT MADE FOR UNITED WAR FUND

W. G. Goebel, Treasurer, Files Statement With National Treasurer—Percentage of Loss Very Small.

W. G. Goebel as treasurer for the United War Fund Campaign of Morgan county has recently sent to Cleveland H. Dodge, New York City, national treasurer, his final report. The total collections made were \$6899.38. Uncollected and repudiated pledges amounted to \$4,678.51, making a total of pledges for the county of \$73,587.89. This campaign which was made effective in the latter part of 1918 was for the benefit of the Young Men's Christian Association, Young Women's Christian Association, National Catholic War Council, Jewish Welfare Board, War Camp Community Service, American Library Association and the Salvation Army.

Practically all of the funds collected by Mr. Goebel were forwarded many months ago but there were some delayed pledges on which report could not be made until recently.

The national association is just now preparing its final report and will close its books. The figures for this county show a very small percentage of uncollected pledges. The experience in most counties is that it is necessary to figure about 10 per cent for unpaid pledges. In the campaign here Dr. C. H. Rammelkamp was the county chairman with Walter B. Rogers as his assistant.

#### WILL DRIVE AT GRIGGSVILLE FAIR

D. N. James expects to drive an Essex automobile in a race at the fair to be held at Griggsville this week. The Essex will race against a Ford and a Stutz.

#### LABOR DAY PROGRAM HAS BEEN OUTLINED

Day Will Be Filled With Much of Interest—Parade in Morning—Speaking and Athletic Events in Afternoon—Dancing at Night.

At the regular meeting of the Trades and Labor assembly held Tuesday evening the program for the Labor Day celebration was outlined.

The celebration will be held at Nichols park, where speaking, and athletic events will be held. However, there will be a big parade down town in the morning. The line of march remains to be worked out and the time of holding the parade. The committee in charge invites merchants to prepare floats for the parade and hopes a goodly number will respond.

At Nichols park in the afternoon the main celebration will take place. Dr. Myron L. Pontius, pastor of Central Christian church, has been secured to deliver the Labor Day address and will no doubt have something of value and interest to offer.

Following the address a program of athletic events will be run off. There will also be a band concert during the afternoon by the recently organized Jacksonville band. The band also will lead the parade. At night there will be dancing in the large pavilion.

The athletic events follow:  
Tug of war.  
Ladies race, 50 yards.  
Girls race, 50 yards.  
Three legged race.  
Potato race.  
Boy's pie eating contest.  
Girl's pie eating contest.  
Swimming race.  
Battle royal.  
Boys 100 yards dash, 12 to 18 years.  
Boys 100 yard dash under 12 years.  
Free for all 250 yard dash.  
Old men's race, 100 yards, 50 years and over.

There also will be a colored jazz band and singing and dancing and a Mutt and Jeff orchestra.

The following committees are in charge of the various arrangements:  
Arrangements—I. W. Eaton, A. L. Wood, Robert Clifford, Walter Quinlan, Virgil Flynn.  
Finance—J. C. Wood, Mathew McNamara, Gus Faugust, R. I. McLean, Harry Webster.  
Dance—Walter Quinlan, Edgar McGinnis, Mrs. Goldie Conkle, Mrs. Ida Armstrong, Miss Nettie Wilerton, Miss Mary Davis, Miss Louise Sieber.

#### CAMPERS AT NICHOLS PARK

There were three camping parties at Nichols park last night and all expressed themselves highly pleased with their surroundings and promised to call again if coming this way.

The first party were Mr. and Mrs. J. W. P. Glasgow and Mrs. Glasgow's brother, S. Monroe. They were from Philadelphia and were on their way to Los Angeles, Cal. They are literary people and had strong thoughts of staying over a day or two to enjoy our public library.

Next came Mr. and Mrs. C. J. Bradford and son of Grand Junction, Colo. They had been visiting friends in Ohio and were on their way home.

Next were Mr. and Mrs. Leonard Whitlock and two children. Mr. Whitlock's parents, Mr. and Mrs. J. H. Whitlock, and Mr. and Mrs. William Graham. They were from Indianapolis and were bound for that Mecca of so many tourists, Los Angeles. They were much pleased with the park and its accommodations and welcome.

**STATE SAVES LARGE SUM BY PAYING CASH**

State Director of Finance Reports Large Saving Effectuated Through Cash Paying Plan.

(By Associated Press.)  
 SPRINGFIELD, Ill.—The State of Illinois paid cash last year and saved \$44,829.36. This announcement is made by Omar H. Wright, state director of finance, in a report about to be published.

The amount was saved in the year ending July 1. "Heretofore," Mr. Wright says, "Illinois never knew what it was to have cash discount."

While the state tax rate has been reduced approximately 35 per cent in the last two years, there will be a surplus in the treasury on January 1, 1921 of \$14,000,000 available for current expenses, the reports show. They note that \$2,000,000 had been added this year to the amount the state distributes to its common schools.

Fees have been increased to meet the increasing appropriations. The franchise tax on corporations is expected to produce \$2,500,000 this year, and the privilege tax on insurance companies is expected to turn \$3,000,000 into the common fund.

In the road fund on June 30, 1920, there was a balance of \$6,987,725. There was received to the credit of this fund in the year \$7,545,248 including federal aid money. Total disbursements were \$7,340,513.

The total balance in the state treasury, including all funds, was \$27,537,26 on June 30. The year before, same date, it was \$27,560,868 and on June 30, 1918 it was \$21,816,69.

## ANNUAL HOMECOMING AT GREENFIELD

Excellent Program Arranged for Week—Streets Receiving Second Car of Oil—Other Greenfield News.

Greenfield, Aug. 10.—This is home-coming week and the committee in charge has made big preparations for a general good time. There is a merry-go-round and Ferris wheel and beside various other attractions, the Woman's club will have a rest room in the school building for the ladies.

Gordiniers dramatic company is giving a splendid play every night this week on the school grounds.

They have donated the use of their tent to the committee for the afternoon programs Wednesday, Thursday and Friday and on those days the Hettick band, White Hall band and the Colored Jazz band of St. Louis will furnish the music. A good program has been arranged for each afternoon and many old neighbors have returned to enjoy the week.

Melvin and Melvin held their spotted Poland China hog sale on Wednesday of last week. The total receipts of the sale amounted to \$9,470. The highest price paid was \$1,025.

Mr. and Mrs. Lurton Tucker, Clinton Tucker and Mrs. William Wiswell of Greenfield attended the funeral of Mrs. Elizabeth Spencer of Jacksonville Tuesday.

Miss Gladys Jaquith of South Bend, Ind., our domestic science teacher, is being entertained at

the home of Miss Maude Collins this week.

We received our second car of oil Saturday and it has been put on the streets in fine shape which is much appreciated for home coming.

We had three airplanes visit us last week. They landed out west of town and stayed for two days taking up passengers at \$10 per ride.

Mr. and Mrs. Virgil Koehm returned Saturday from a pleasant trip to the Rio Grande country in Texas.

Darrell Hamilton is here from Chicago to spend his vacation with his parents, Mr. and Mrs. H. W. Hamilton.

## What's done as much as anything else to fill up the movie houses

LOOK at the crowds that step out of their cars in front of the movies every summer evening.

The movie managers would be renting half of their theatres for store space, if it weren't for the automobile.

It is typical of Americans that they took to the automobile as a matter of course—just as they have to the movies and to every other great invention of the last half century.

And the same thing has happened everytime. Taking things as they come is a fine way to foster waste and extravagance.

As regards tires, the comeback is about due. People are pretty near through paying for something that isn't there when they look for it.

What a man pays for in a tire is *quality*—not a limited number of miles or the privilege of getting a rebate in case the miles don't come up to the limit.

U. S. Tires are guaranteed as to quality—with no limitation of mileage.

And that holds just as good for the small car tire as for the biggest U. S. Tire we've got. There's only one standard of quality with U. S.—and the size of the car has nothing whatever to do with it.

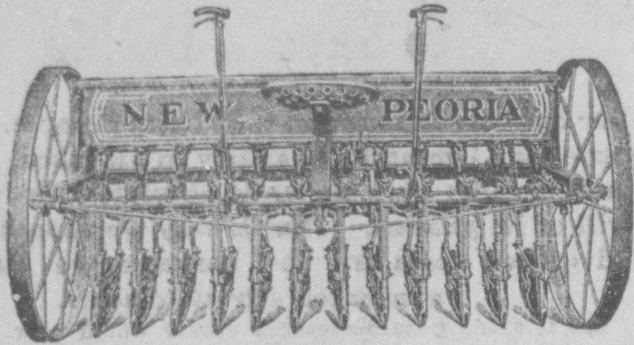

We represent U. S. Tires in this town. You'll find it worth while to talk to us before you buy any more tires.

## CHICAGO DEFEATED WASHINGTON 4 TO 3

Joe Jackson's single in the Tenth Sent Weaver Who Had Doubled, Home with the Run Which Gave the Sox the Victory.

Chicago, Aug. 10. — Acosta, Washington's recruit pitcher, made a mistake in pitching to Joe Jackson in the tenth today and Jackson singled and sent Weaver who had doubled home, with the run which gave Chicago a 4 to 3 victory.

The White Sox had taken a lead by hitting opportunistically behind erratic fielding but when Faber weakened, Washington tied the score. Milan's home run, which sent Judge home ahead of him in the eighth knotted the count. The score:

### SWIMMING PROGRAM FOR OLYMPIC GAMES

Events Will Be Held in Big New Tank Now Under Construction Will Hold Both Night and Day Events.

Antwerp, July 7. — The complete program of the swimming events of the Tenth Olympiad to be held at the big new swimming stadium now under construction here, provides for both day and night events running through eight days. Water polo matches are to conclude each day's program.

So many nations are expected to send teams to compete, that the Olympic committee have arranged that the preliminaries in most of the events shall be conducted in a system of series, perhaps half of the swimmers competing one day and the other half later in the week.

The swimming program, which is one of the few in which women can compete, is expected to draw competitors from most of the famous women swimmers of Sweden, Australia and the United States.

For women there are the 100-meter and 300-meter free swimming races, two classes of diving events and a 400-meter relay.

The various events have been assigned as follows:

Sunday, August 22 — 400-meter free swimming race, preliminaries; dives, 5 and 10 meters.

Monday, August 23 — 5 and 10 meter diving, first round, third and fourth series; semi-finals 400-meter side stroke, first round series, one, two, three and four; 100-meter free swimming for women; 100-meter swimming on back, series, one, two, three and four; exhibition of mass swimming; water polo.

Tuesday, August 24 — Springboard diving for men, series, one, two and three; final 400-meter free swimming; spring board diving, men, series, four, five and six; semi-finals, 400-meter side stroke; finals, 100-meter race for women; semi-finals, 100-meter swimming on back; Pentathlon, 300-meter race; water polo.

Wednesday, August 25 — Ordinary diving for women, preliminaries; 1,500-meter free swimming, first round, series, one, two and three; finals, mens' ordinary diving; finals, 400-meter side stroke; exhibition swimming, women; 100-meter swimming on back, finals; water polo.

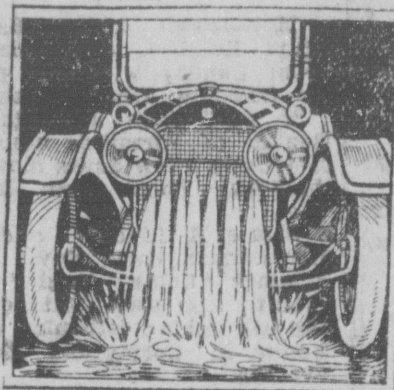

Thursday, August 26 — Fancy diving, men, first round, series, one, two and three; 100-meter free swimming, preliminaries; 1,500-meter free swimming, preliminaries, series, four, five and six; finals, women's springboard diving; 200-meter side stroke, first round, series, one, two and three; 300-meter free swimming for women, preliminaries; water polo.

Friday, August 27 — 100-meter free swimming, second round—about four series; semi-finals, 1,500 meters race; finals mens' spring board diving; 200-meter side stroke, preliminaries for series, four, five and six; finals 300-meter women's race; 800 meter relay; water polo.

Saturday, August 28. — Fancy diving for men, preliminaries for series four, five and six; semi-finals (two series); 100 meter free swimming; finals, 1,500-meter race; finals, women's ordinary diving; semi-finals, 200-meter side stroke; water polo.

## URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

**Says: Inflamed Nostrils  
Invite Influenza**

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcline mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcline—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

## PORCELAIN MONEY TO BE USED IN GERMANY

Meissen, Saxony, July 26.—The first German porcelain money is being manufactured here and will consist of 200,000 twenty pfennig pieces for use on the Hamburg elevated railway. The city of Meissen as well as several other towns have ordered porcelain coins for local use, with a view of solving the small change scarcity as well as obviating the present unclean and easily tearable paper currency. The German republic is said to be about to introduce porcelain coins ranging from 10 pfennigs to five marks.

## STATE COMPLETES 100 MILES OF ROAD THIS YEAR

Springfield, Ill.—Road builders under the direction of the Illinois Division of Highways have just completed the 100th mile of the 450 miles on this season's road building program.

This mark was reached in the face of a threatened halt to road building work because of the coal strike. Of the one hundred road contractors' gangs with roads to build, the largest number at work at any one time has been 53, and when the coal strike came it dropped to 35.

Coal shortage added to previous lack in transportation for road materials stopped road builders' engines, cut down cement manufacturers, and delayed stone and gravel production.

Notwithstanding these adverse circumstances, Chief Highway Engineer Clifford C. Older said no other state approaches Illinois' completed mileage this year except Pennsylvania, which about equals it.

## RECOMMEND PEACE TREATY BE RATIFIED

American Bar Association to Recommend Ratification of Treaty Without Amendments at Convention in St. Louis Aug. 25-27.

(By Associated Press.)  
St. Louis, Aug. 5.—Ratification of the peace treaty, including the League of Nations covenant, without amendments, will be recommended at the convention of the American Bar Association here, August 25 to 27, inclusive. The recommendation will be in the majority report of a special committee appointed to consider the treaty.

The committee which signed the report was composed of Edgar A. Bancroft, of Chicago; William H. Wadhams, of New York and the late Frederick N. Judson, of this city.

Charles Blood Smith, of Topeka, Kan., and Henry St. George Tucker, of Lexington, Va., will present a minority report, in which they assert they are "unable to concur" with the majority committee.

Sections of reports to be presented at the convention have been received by members of the local arrangements committee. The reports treat of various subjects.

"Your committee is of the opinion that the treaty, including the proposals for a League of Nations should be ratified without amendment," the majority report on the treaty declares. "The world is anxious to return to a more settled condition which awaits the termination of the great war. If amendments are proposed by the United States, other governments would undoubtedly propose amendments, and it is unlikely that a second conference could produce a more satisfactory treaty."

U. S. Should Support Proposal.

"It is particularly fitting that the United States should support the proposal for this League. The League is based upon our own experience in a federation of states enjoying liberty and peace. It has been our high destiny to join with our Allies in preventing the destruction of liberty and establishing it as the governing principle in the life of the states."

"Upon entering the war we expressed it as our desire and purpose to secure not only for ourselves, but for all nations of the world, an enduring peace based upon those principles of liberty and of justice which we enjoy. The league is organized for that purpose. Should the United States refuse to enter the League it would defeat its organization; should the United States join, it gives the best assurance of its success."

Dealing with the subject of amendments and reservations, the reports iterate that amendments are destructive to the pact, and emphasizes that only interpretative reservations should be permitted.

A Worth While Suggestion.

Another report suggests that the election of the President of the United States and his inauguration be brought nearer together, and that the short session of the old Congress be abandoned.

The interval between the election and inauguration of a President, this report declares, is a "serious evil, fraught with much danger, because if an administration is credited by a popular vote of want of confidence, the prestige of the government at home and abroad is weakened and there is danger of humiliation and disaster to the Republic." The report does not recommend any other date for the election or the inauguration.

Recommendation that the making of rules for the conduct of aviation be held in abeyance until airplanes become more numerous, is set forth in another report.

The committee on international law will present a report which states, that, after outlining developments of the reconstruction period, it "finds little to record of wise and final adjustment or of complete accord." Commenting on the meeting of the Organization Committee of the Permanent Court of International Justice under the League of Nations, the report says: "At last a body distinctly legal, a body of our cloth and profession, is seeking, and is given an opportunity to organize International Justice, and prepare for its enforcement in the world."

Many Prominent Speakers.

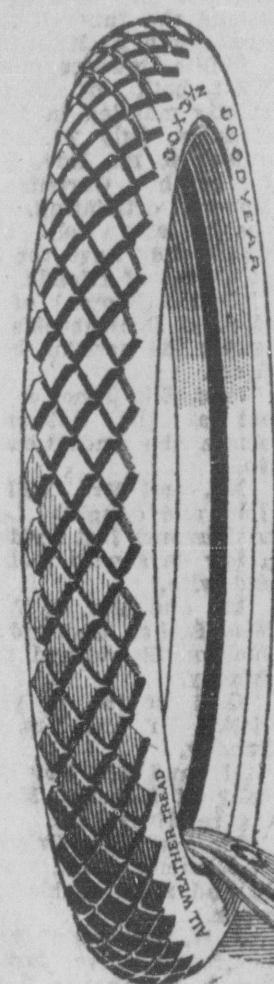

A large number of prominent speakers are expected to address the association, including Sir Auckland Geddes, British Ambassador to the United States; Franklin K. Lane, former Secretary of the Interior; Albert J. Beveridge, of Indiana, former United States Senator, and Judge Ben B. Lindsey, of Denver. Hampton L. Carson, of Philadelphia, is president of the association.

Sections of the association will meet simultaneously with the parent organization as follows: Commercial Law, Judicial Section, Legal Education, Patent, Trade-Mark, and Copyright Law, and Public Utility Law.

A number of important Allied bodies also will meet here in conjunction with the convention. They include the National Conference of Commissioners on Uniform Laws, Conference of Delegates from State and Local Bar Associations, Association of American Law Schools, and the National Association of Attorneys-General.

## NEW TASTELESS CASTOR OIL IS EASY TO TAKE

Strength and Purity Remain the Same, But Unpleasant Taste is Removed

A remarkable process perfected by the chemists of Spencer Kellogg & Sons, Inc., has resulted in a great improvement in castor oil, the reliable old family remedy. This new tasteless castor oil has the same strength and purity as the old-fashioned kind. It's 100% pure castor oil. Nothing has been removed but the nauseating taste. Think what this means to mothers and their children. When the doctor says, "Give them castor oil," there need no longer be any trouble. Children need never know they are taking castor oil. Grown-ups will also appreciate the difference between Kellogg's Tasteless Castor Oil and the old-fashioned nauseating kind. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labelled Kellogg's Tasteless Castor Oil. Three sizes, 15c, 35c, and 65c.—Adv.

## BUREAU OF FISHERIES TAKES SEALS CENSUS

Will Show Large Increase in Number of Animals is Expectation—Census Taking is Easy Task.

Washington—The annual census of the seals, now being taken by the Bureau of Fisheries is expected to show about 600,000 of the animals, or three times as many as when the government undertook the custody of them a half score years ago.

Although the seal spends much of its life at sea, its habits make the census-taking comparatively easy. Hugh M. Smith, commissioner of the Bureau of Fisheries, explains the "count of noses" is of importance to prevent "blind killings" of the animals for their furs, possibly resulting in their extinction.

Under present government control, Mr. Smith asserts that the seals are increasing about ten or 12 per cent of their number annually. Last year's count showed 550,000 of which 26,000 were killed for their pelts.

In the middle of Bering sea, lying 40 miles apart, are two islands—St. George and St. Paul—the only land to which the seals ever resort. Every spring they visit the islands to raise their young, leaving in the fall to winter the north Pacific and it is during the summer that the census is taken.

The killing of the animals is also done in the summer, this under law being confined to the surplus males. Last year lack of labor resulted in 10,000 fewer animals being killed than government officials had planned. Japan and Great Britain, along with the United States, share the revenue produced from the seal-killing, a treaty giving this country seventy per cent of the animals, with the two other countries each receiving 15 per cent.

"In the old days," says Mr. Smith, "when 100,000 seals were being killed annually the government obtained \$10 per skin, while now we are getting \$140, which nets us about \$120 per skin. Increase in the value of furs and the different method of conducting the business explains this."

Besides the sale of pelts, the government is operating a fertilizer plant on the islands for disposing of the carcasses, from which there also is extracted an oil used for dressing tops of automobiles.

WANTED  
Business Manager,  
Salesmen,  
Mechanics,  
C. N. PRIEST,  
The Ford Man.

Hamilton, O.—In the endeavor to locate lost open top freight cars to send to the coal mines, a coal car was discovered here overgrown with weeds and completely hidden from view. The car was standing on a siding. Ashes had been piled in it and around, weeds had taken root, and it looked like nothing more than a mound.

## Will They Pass Laws Compelling People to Use Pure Toilet Soap?

—or laws enforcing the manufacture of strictly pure Toilet Soap? There are laws prohibiting use of public drinking cups, and of public towels. Because they have been found to be unsanitary.

Can dirty towels be any more dangerous than impure soap? Not a bit. Not as much. Impure soap does not stop on the surface of the skin. It goes right down into and clogs up the pores of the skin. If it isn't washed out it either hampers the action of the pores or is finally absorbed by the skin. Either way is bad enough.

Everyone should be extremely careful in selection of a Toilet Soap. Can't be too discriminating.

Remmo Sterilized Toilet Soap is a safe choice always. This soap is absolutely pure.

It is made only of select materials of the highest quality. Then the combined ingredients are sterilized at 198 degrees Fahrenheit—just as a surgeon's instruments are sterilized to purify them.

There is a world of enjoyment in the use of Remmo Sterilized Toilet Soap—and there is the solid satisfaction in knowing that the soft, rich lather that feels so good is not only cleansing the skin but actually benefiting it—removing dust, grime and dirt—leaving no impurities of any kind imbedded in the tiny pores.

If you prize cleanliness and appreciate its value to health and complexion beauty you certainly should demand and use Remmo Sterilized Toilet Soap.

## BROOKLYN BURGEOO PICNIC TODAY

The folks of Brooklyn church are making big preparations for their picnic to be held on the church lawn on Wednesday. Materials for the soup are coming in, the tables are built and a big crowd is looked for.

Two teams of boys, composed of Paul Sheppard and Maurice Reid, Roscoe Godfrey and Kenneth Thomson, called on the business men yesterday reminding them of the burgoo and disposing of a number of tickets. This was taken as one of the means of advertising.

The ladies have secured the promise of two dozen or more cakes, and will serve many other good eatables.

Mrs. Emma Taylor of Woodson has been engaged as soup maker and will start the big kettles tonight.

## Car Owners Attention!

Here is a proposition that you never had offered to you before, and perhaps you will never have it offered to you again on standard and well known makes of Automobile Tires, representing four of the larger manufacturers in the Auto Tire Business.

## Inner Tubes Free

The Proposition Is Just This:

## Kelly-Springfield

## Firestone, Goodyear, Federal

With every tire purchased at this special sale I will give you absolutely FREE an inner tube of the SAME MAKE as the tire you select. This represents a saving to you from \$3.25 to \$9.75 a casing, according to the size and make.

I will give you your choice of the following makes of Cord or Fabric Casings:

This offer will hold good only a short time and is subject to be withdrawn at any time.

The Tires and Tubes offered in this sale are all fresh and new stock; I have no old stock to offer; practically all have been received since the first of the year.

The prices quoted in this sale will be cheaper than these same makes of tires sold for in 1918 or 1919.

Just simply come in, pick out the size and make of tire you want, pay the price of the casing only, and get your

SPECIAL TAX NOTICE  
Notice is hereby given to all  
persons interested, that the city  
council of the City of Jackson-  
ville, Illinois, having ordered that  
a local improvement consisting  
of a street pavement be construct-  
ed on East State street in said  
city from the east line of Allen D  
to a point eighteen (18) inches  
west of the west rail of the Chi-  
cago & Burlington & Quincy rail  
road track, except that portion of  
said street now used and occupied  
as a right of way of the Jackson-  
ville Railway company between  
its rails and for a distance of  
eighteen (18) inches on the out-  
side of each rail, including turn-  
outs and switches, said improve-  
ment to be known and designated  
as "East State Street Paving Im-  
provement No. 2," which said  
pavement shall be constructed in  
accordance with the plans, plats  
and profiles on file in the office  
of the city clerk of said city; said  
pavement shall consist of a com-  
bined concrete curb and gutter on  
each side of the roadway; the top  
layer of brick shall be removed  
and all holes and ditches filled  
with material approved by the  
Board of Local Improvements to  
a depth of nine inches below the  
surface of the finished pavement  
when complete; upon the sub-  
base there shall be placed a layer  
of concrete five inches in thick-  
ness; upon the concrete base  
there shall be placed a cushion of  
sand one inch in thickness; and  
upon the cushion of sand there  
shall be laid a surface of vertical  
fiber brick, all joints to be filled  
with an asphalt filler;  
which is further shown and more  
particularly described in the  
plans, profiles and specifications  
for said work on file in the office  
of the city clerk of said city to  
which reference is hereby made;  
the ordinance for the same being  
on file in the office of the city  
clerk of said city and also made a  
part of the petition in this pro-  
ceeding; and said city having ap-  
plied to the county court of Mor-  
gan County, Illinois, for the con-  
firmation of the assessment of the  
cost of said improvement ac-  
cording to the benefits; and an  
assessment therefor having been  
made and returned to said court,  
the final hearing thereon will be  
had on the 26th day of August,  
A. D. 1920, at 9 o'clock A. M. or  
as soon thereafter as the busi-  
ness of the court will permit, and  
all persons desiring to do may  
file objections in any said court  
before said date, and may appear on  
said hearing and make their de-  
fense. It is further provided by said  
ordinance that said assessment  
shall be collected in ten (10) in-  
stallments with interest at the  
rate of five per cent per annum,  
as provided by law.  
Dated at Jacksonville, Illinois,  
this ninth day of August, A. D.  
1920.

GEORGE H. BUSEY,  
Commissioner Appointed to  
Make Said Assessments.

## Daily Market Report

## STOCK MARKET GOES UP 1 TO 4 POINTS

NEW YORK, Aug. 10.—Favor-  
able developments in today's  
stock market encouraged moder-  
ate ventures on the long side and  
prices responded with early ad-  
vances of 1 to 4 points.  
Pressure of stocks was not  
wholly relieved, however, the list  
showing sensitiveness at intervals  
to the weakness of particular is-  
sues. The crop reports further  
recovered in sterling exchange  
and the increased showing in the  
unfilled tonnage figures of United  
States steel were factors in  
creating a better sentiment.

Purchases of high class rail-  
road stocks continued. Individual  
instances of short selling and  
liquidation were frequent, but the  
action of the list as a whole was  
better.

Short covering was influential  
in carrying prices higher, but  
when the inquiry from this source  
slackened and liquidation cropped  
out at various points the market  
gave way readily. Business was  
largely contracted in the latter  
part of the session but the ad-  
vance was underway again in  
many stocks at the close. Sales  
approximated \$25,000 shares.

Bonds moved in confused fash-  
ion with foreign issues fash-  
ioning ground. Liberty issues sold  
off but stiffened at the close when  
some large blocks were purchas-  
ed. Total sales, par value, were  
\$8,650,000.

Chicago, August 10.—U. S. Bu-  
reau of Markets.—Cattle.—Re-  
ceipts, 9,000. Steers generally  
15 to 25c higher; medium kinds  
only steady, 17.50; several loads,  
17.15 to 17.40; bulk choice, 16.25  
to 17.00; good steers largely,  
15.25 to 16.00; plain cattle,

### PUBLIC SALE IS HELD NEAR MANCHESTER

George Lemon Disposes of Live-stock and Farming Implements—Bert Goacher Weds in Elgin—Other Manchester Items.

Manchester, Aug. 9.—George Lemon, residing east of Manchester, held a closing out sale Thursday, disposing of live stock, farming implements and household goods. Receipts totaled \$1,600. The sale was well attended and good prices prevailed. The Ladies' Aid society of the Baptist church served lunch, clearing approximately \$60.

Mr. and Mrs. Lemon and children expect to leave Tuesday for Gillett, Wyo., where they have taken a government claim.

Mr. and Mrs. E. J. Cooper and daughter, Grace, Miss Hattie Lemon and George Cooper are spending the week end at Kookuk, Ia. The trip is being made by automobile.

Mrs. Emma Bradley of Red Lodge, Montana, arrived Thursday for a visit with her sister, Mrs. J. H. Langdon. She was accompanied by her son, Warren Bradley, of Stoutland, Mo., who returned to his home Friday.

The Young Men's Class of the Baptist church delightfully entertained the Young Ladies' Class a picnic at Nichols park in Jacksonville. Luncheon was served and a very pleasant time was experienced by all present. Those in attendance were: Misses Bertha Thady, Ollie and Wilma Walker, Lucille Antrobus, Susie Windsor, Hazel Duncan, Esther Blakeman, Ruth Blackburn, Florence Lemon, Nellie Smith, Hazel Mae and Fay Greenwalt and Nellie Smith, and Messrs. Carlyle Antrobus, Russell Duncan, Robert Stewart, George Cooner, Leonard Robinson, Christopher Walker and Stanley Funk.

The marriage of Mrs. Amy Livingston of Elgin and Mr. Bert Goacher of this place occurred Tuesday in Chicago. Mrs. Livingston recently spent several weeks here with her uncle, Dr. G. N. Lucas and during her stay here she made many friends. The groom is the son of Mr. and Mrs. James Goacher of this place and is a man well known and highly respected. They will reside in Jacksonville where Mr. Goacher has employment.

M. H. Billingsly and daughter, Miss Va Letta, of Virden, came Monday for a visit at the home of Mr. and Mrs. Ray Krebaum. Mr. Billingsly has returned to his home and Miss Billingsly has remained for a longer visit.

George Blevins and Claude Martin went to Hot Springs, Ark., Friday for a six weeks' stay. Mrs. A. C. Barnes has returned from a two weeks' visit with relatives in Minnesota.

Miss Helen Saye went to Jacksonville Thursday for a brief visit with relatives.

Mrs. W. C. Pearce went to Low Point Saturday for a brief visit with her son, Fred S. Pearce.

Miss Cecil Christison of Winchester was a guest this week at the home of Mr. and Mrs. Guy Brown.

### SUCCESSFUL PLAY GIVEN AT LITERBERRY

W. W. G. Girls of Baptist Church Gave Interesting Play Friday—Other News from Literberry.

Literberry, Aug. 9.—The play given by the W. W. G. girls on Friday night at the Baptist church was very interesting and gave a good lesson in missionary work to all who heard it.

Some of the characters were: Bible Woman—Mrs. Earl Underbrink.

Doctor—Mrs. Earl Rexroat.

Sweet Sixteen Graduates, Who Were Patients of the Missionary Doctor—Ada and Olive Scribner, Mildred, Eleanor and Anna Dinwiddie, Bertha Oloyd, Mildred Underbrink, Helen Long, May Nixon.

The Outcast—Mrs. Guy. Other characters were: Mrs. Warren Daniels, Mrs. Walter Roach, Eleanor Guy and Helen Long.

Miss Edith Scribner represented "The High Caste Lady."

The parts were well carried out and much praise is due the leader, Mrs. John Guy, for her faithful work in helping the girls to carry out the play. From the sale of ice cream and cake they took in \$42.85.

Walter Guy of Macomb came over to Literberry Sunday morning to visit his brother, John, at Seven Gables.

It has been decided to discontinue the preaching services at the Baptist church during the remainder of this month, or during the chautauqua season.

Mrs. Ora Collins and two children, Billy and Lula May, returned Saturday from a week's stay at Alexander with Mrs. Barker.

Mrs. Everett Burnett of Waverly made a short visit at Sunny Slope with her sister, Mrs. Brown on Thursday.

Rev. Johnson preached two powerful sermons at the Baptist church Sunday morning. The morning sermon was from the reading, First Peter, First Chapter. Brother Johnson told of the requirements and rewards of a perfect Christian, who the elect are, and exhorted his people to strive for the goal of perfection and Godly life. The evening subject was "Money."

James Robert Beavers is riding a new bicycle.

Mrs. Stephen Norman and children of Springfield are here visiting G. G. Litter and Mr. and Mrs. W. W. Young.

PLEASANT GROVE

Mr. and Mrs. Ernest Million spent Sunday with relatives near Lynville.

Mrs. Arthur Clayton and daughter Maude spent Sunday afternoon at Thomas Mason's.

Mr. and Mrs. George Sooy spent Wednesday afternoon with Mrs. Ernest Henry.

Mrs. Myrtle Edwards and children of Jerseyville came Saturday for a few days' visit with relatives and friends. They were joined Sunday by her husband, all taking dinner with Mr. Edward's mother, Mrs. Ava Edwards.

Born, Wednesday, August 4, to Mr. and Mrs. Ernest Henry, an eight pound girl, Dorothy Augusta.

Mr. and Mrs. Virgil Vedder spent Sunday with the latter's parents, Mr. and Mrs. Thomas Mason.

## How Many Fires do you need to heat your home?

Two or three stoves—and then the whole house isn't warm. Bed-rooms are cold—parlor is cold—or perhaps you close it up.

Heat the whole house—every room—with one fire—and without any piping in the walls.

## PIPELESS HERO FURNACES

With only one register—using only one fire—will heat every room in your house—even if it has 12 or 14 rooms.

Hero Pipeless Furnace is built on the one scientific theory that warm air is lighter than cold and that it is expanded, causing pressure and gravity to drive the cold air into the heater.

Hero Pipeless Furnace puts the proper amount of moisture in the air to make it healthful.

Hero Pipeless Furnace can be installed in one day—no cutting of walls.
